

Recd. on 7/6/2005.

To,

Deep Enterprises
7 Khandela House,
S.C. Road, Jaipur (Raj.)

This is to certify that we have used Kitec Plumbing Pipe in our house having seven bathrooms and two kitchens with kitec composite fittings.

We have tested the above mentioned pipe on 7 Kg. working pressure. We are very much satisfied with the performance of this latest technology now available in the market. It is very easy and fast to install and certainly it is rust and corrosion free pipe. It has increased the flow of water.
