TO WHOM SO IT MAY CONCERN

This is to certify that we have used KiTEC pipes & fittings in our projects called AKRULI IND. PREMISES CO. OP. SOC. LTD. & KALAPI CO. OP. HSG. SOC. LTD. in Mumbai for Repairs work for plumbing.

We are very much satisfied with these innovative piping systems. While using this product, we found there is lots of advantages as compared to G. I. pipes, that is fast work, no wastage, totally no corrosive, cost saving etc..

Hence, we would highly recommended the using of this plumbing systems to all those who are constantly on the look for better process & material for the building constructions.

Thanking You,

Yours Faithfully,

For Polymer Applicators.
