## **TO WHOM SO EVER IT MAY CONCERN**

**This is to certify that we have installed KITEC Composite Pipes at our residence in Calcutta for hot & cold water line with KITEC Composite & Brass Fittings.**

**After lapse of more than 2 years, we have observed the water flow as same since there is at all No Corrosion or Scaling in this pipe. The installation of KITEC Pipes is very fast and convenient and it's performance is excellent.**

**We strongly recommend the same for use in new projects and in replacement cases for hot & cold water applications.**

**Thanking you,**

**Yours faithfully,  
For STAR HIDE COMPANY**
