## TO WHOM SO IT MAY CONCERN

This is to certify that we have used KiTEC pipes & fittings for our residential projects at Mumbai, Navi Mumbai and Thane for conceal plumbing.

We have used KiTEC pipes & fittings for hot & cold water supply for domestic use. We are very much satisfied with these new innovative piping systems. While using this product we found there is lot of advantages as compared to G. I. pipe, that is fast work, no wastage & no corrosion & etc. hence we would highly recommend the usage of this plumbing systems to all those who are constantly on the look for better process & materials for the building constructions.

Thanking You,

Yours Faithfully,

For Vishwakarma Civil Constructions
