TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have used Kitec pipes and fittings, purchased from DyMarc, Kolhapur, for hot water supply at our Vipassana Kendra at Alate village, Tal. Hatkalangale, Dist. Kolhapur.

We have connected these pipes to 2 Boilers (Ganesh Bamb), to enable us to supply hot water to 48 bathrooms. The pipe sizes used were 2532 (1 1/4"), 2025 (1") and 1216 (1/2") and these were laid underground and used without any insulation. This work has been carried out in Nov.- 2001 and to date we can state that we are very satisfied with the performance of this product and will have no hesitation in using it in future.

For **Deccan Vipassana Research Centre.**

Mr. Vasant Karade
Chairman.
